Why You should go for this Package??? :-

SINCE:-

- a) The package is so User Friendly that even a person not having any knowledge of Computers and/or Accounts can operate the package with Ease and Comfort.

- b) The package will help you in compiling with the RBI requirements in preparing all your FLM-1 to FLM-8 Statements and for submitting the UNIFIED FLM-8 Statement in time and with utmost Accuracy.
- c) The package is fully integrated with Financial Accounting System. You enter your Three Basic Documents i.e. Buying, Selling and Settlement, and the system updates all your accounts. For e.g.:- when you enter a Cash Memo all Accounts Get Updated - Debtors Control A/c (Individuals/Corporate Client) with Net Amount, Currency Sales A/C, TC Sold But Not Settled A/c. and TC Commission charged A/c. and Commission payable to Agent, wherever applicable. The Cash/Bank details also get updated along with the option of Rounding Off and Branch Accounting.
- d) The package provides entire control of TC / ET Stock since the system flashes the next available TC at the time of making the sale and does not allow any duplication whatsoever. Similarly at the time of TC Settlement the system flashes all the TC's sold but not Settled. The system automatically computes the P & L for each Settlement. Similar control is available on ET Stock.
- e) Based on Passenger Name / Passport Number, the system would automatically display the previous details of the passenger.
- f) The package also provides for the Export module for Currency and TC. In Exports module, the system would capture the currency sales along with currency Denominationwise. The system would print the Currency Denominationwise Export Packing List and Export Invoice.
- g) You can update all Branches Accounts at one location by email / Floppy or CDs. and can have Consolidated Financial Accounts of all Branches i.e. Consolidated Trial Balance and Unified FLM-8.
- h) The package keeps a list of all Modifications and Deletions done with the name of the user who did the same, along with the date, time and reason for the modification or deletion.
- i) TDS is calculated for each agent as per their waiver percentages
- j) Electronic Settlement File for transfer of Settlement data to Amex & Travelex
- k) On-Line Help Facility based on code and/or name
- l) Multi-User Password Facility enables you to give selected access level to each User thereby ensuring Security & Accountability
- m) Mouse Compatibility & User Defined Colour Schemes
